

# THE INS AND **OUTS** OF GAMECHANGER & SPORTS CONNECT

2/24/2024 - ASWLL Coaches Meeting

# FINDING YOUR TEAM

- Download the application from Apple or Google App Store
- Follow these steps:

# THREE (3) LEVELS OF TEAM INVOLVEMENT

- **FAN** - Access to team schedule and live stream.
- **FAMILY** - Connected directly to a player on the roster. Access includes team messages, schedule, and live stream.
- **STAFF** - All access to GameChanger. This includes team stats and the ability to KEEP SCORE and RECORD / STREAM games. By defaults, GameChanger limits teams to four (4) staff members.

# ERRORS FINDING TEAMS

Import

## Import roster & schedule

- We automatically send emails inviting team members to get the app
- Rosters will only be imported once
- Schedules will stay up to date

## No Teams to Import !

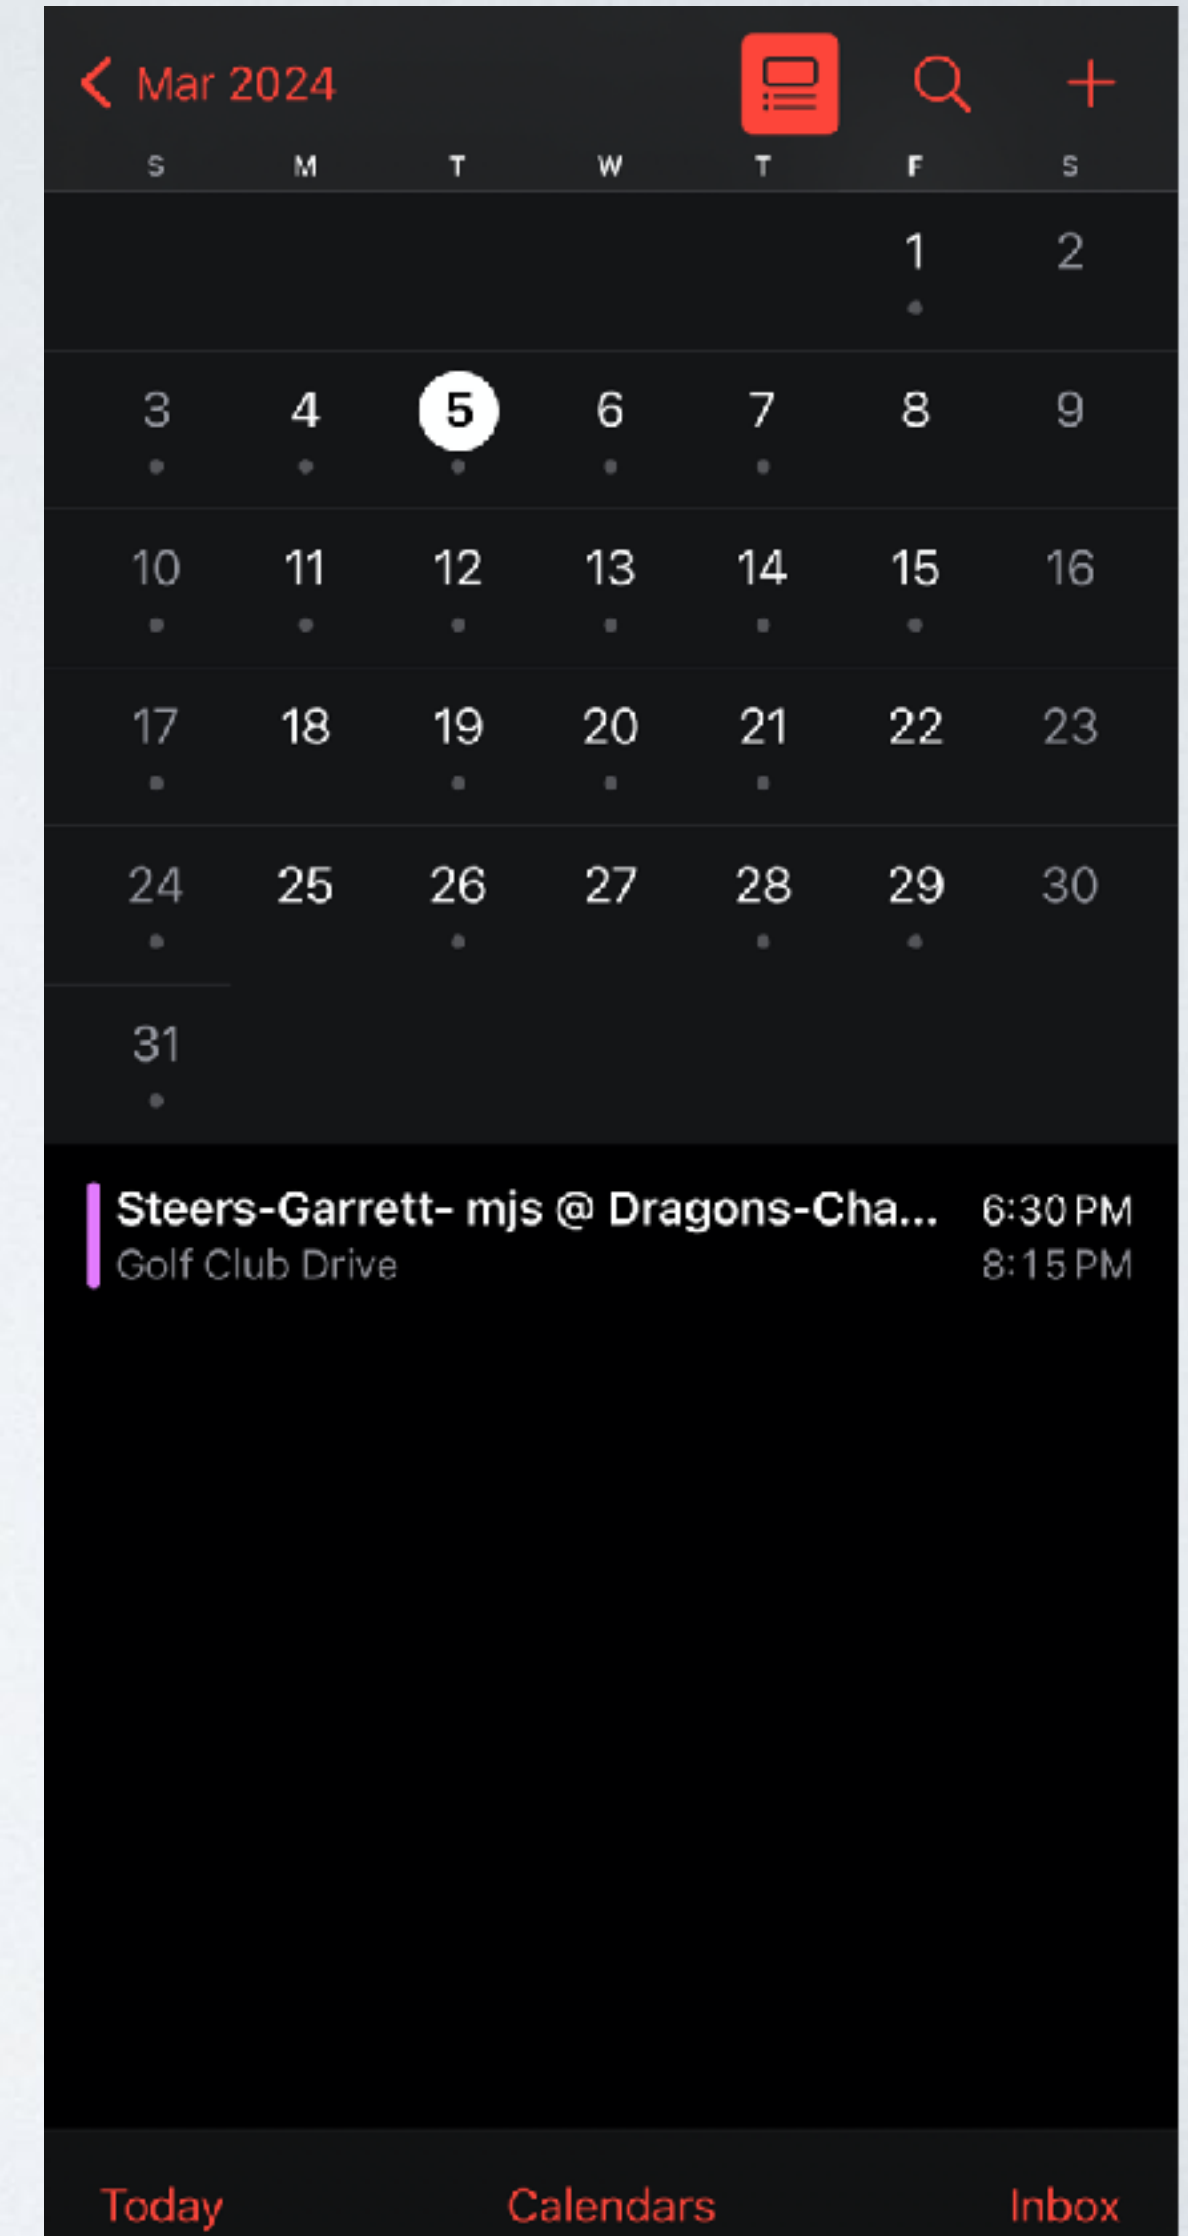

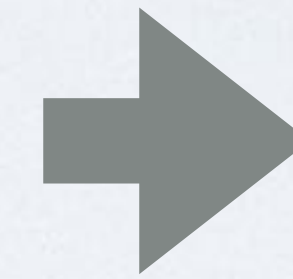

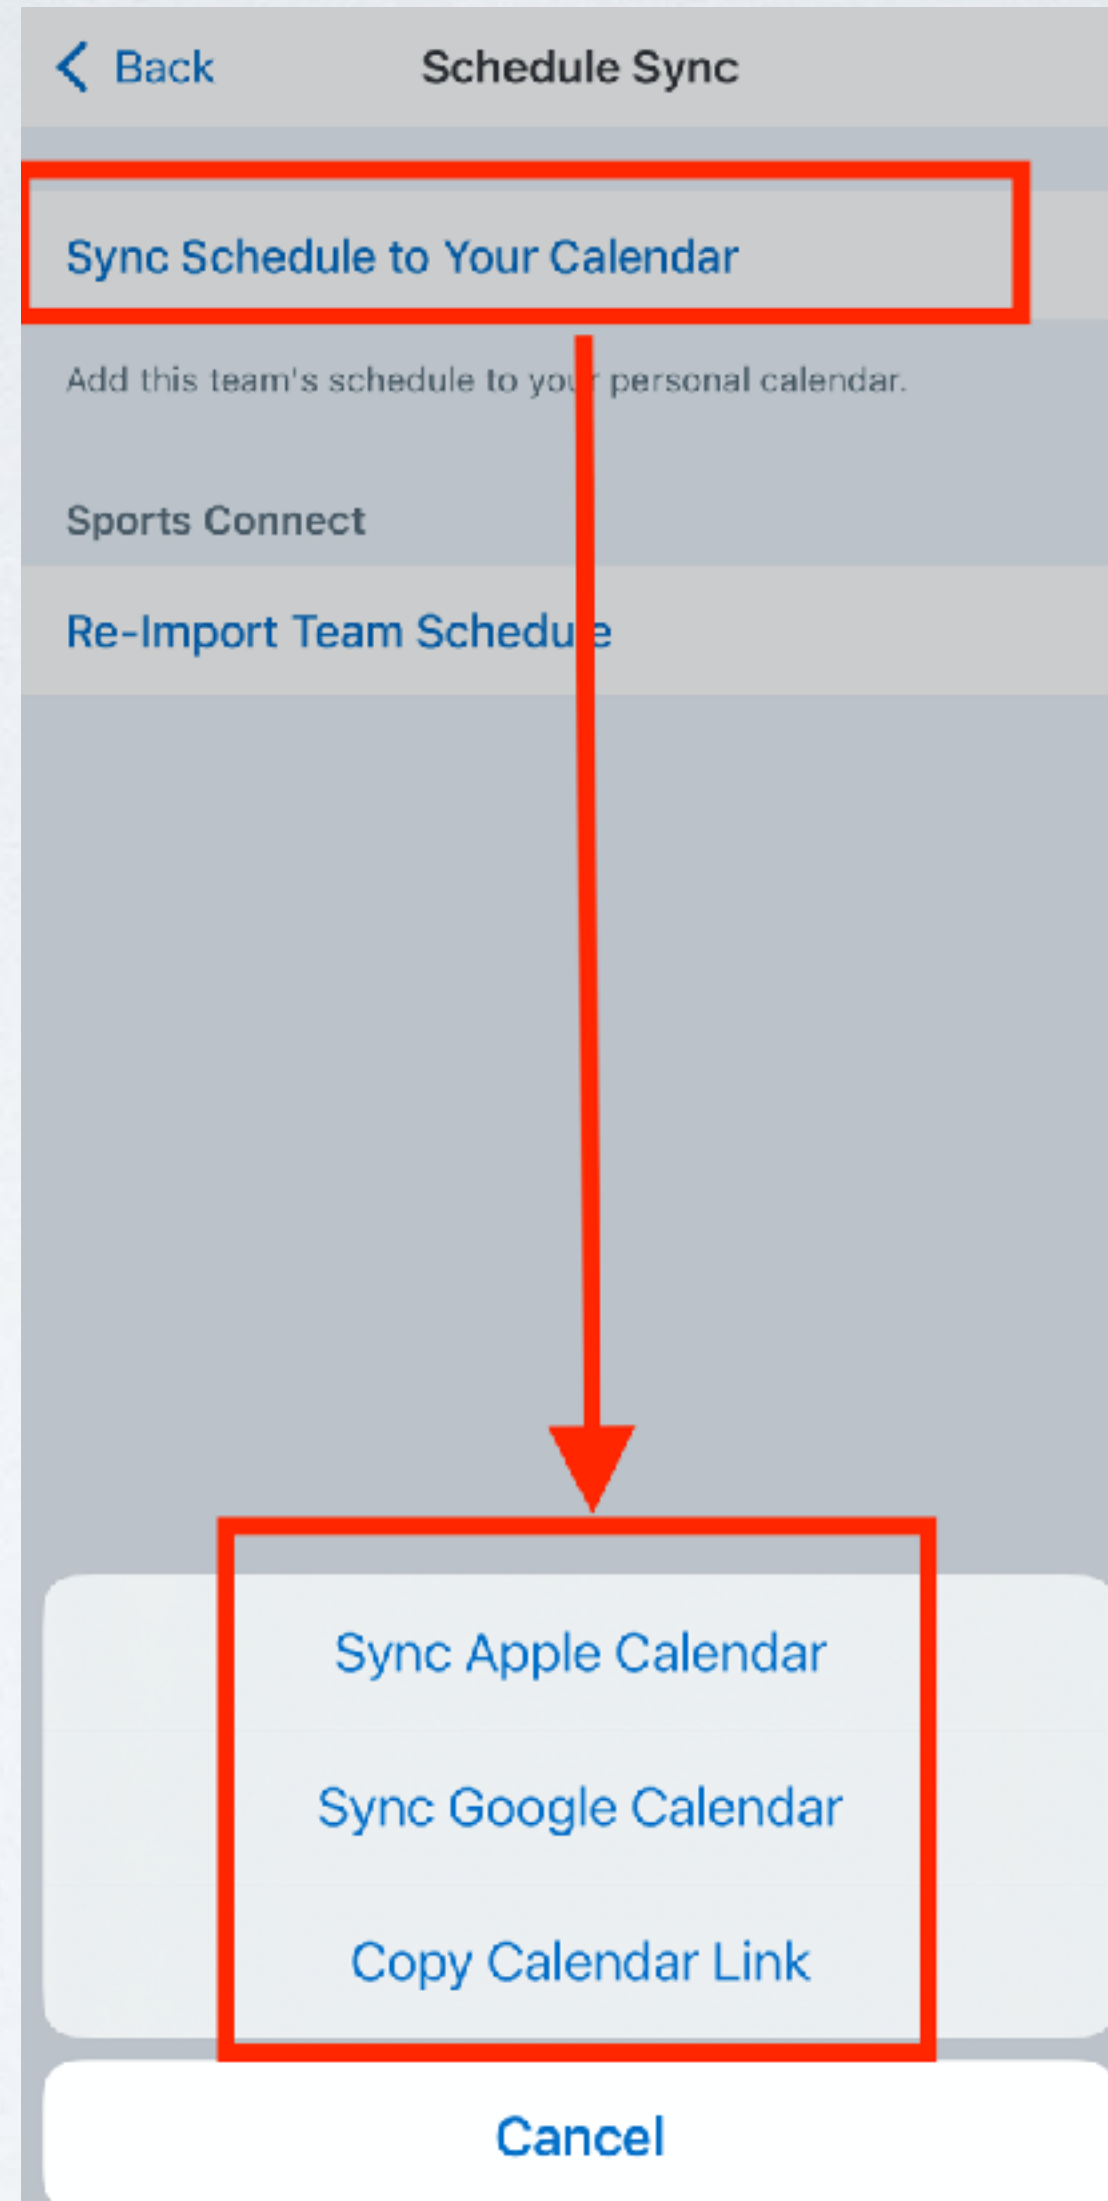

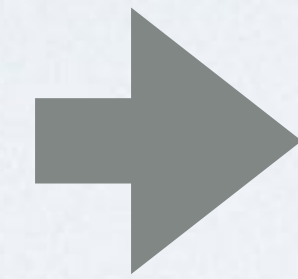

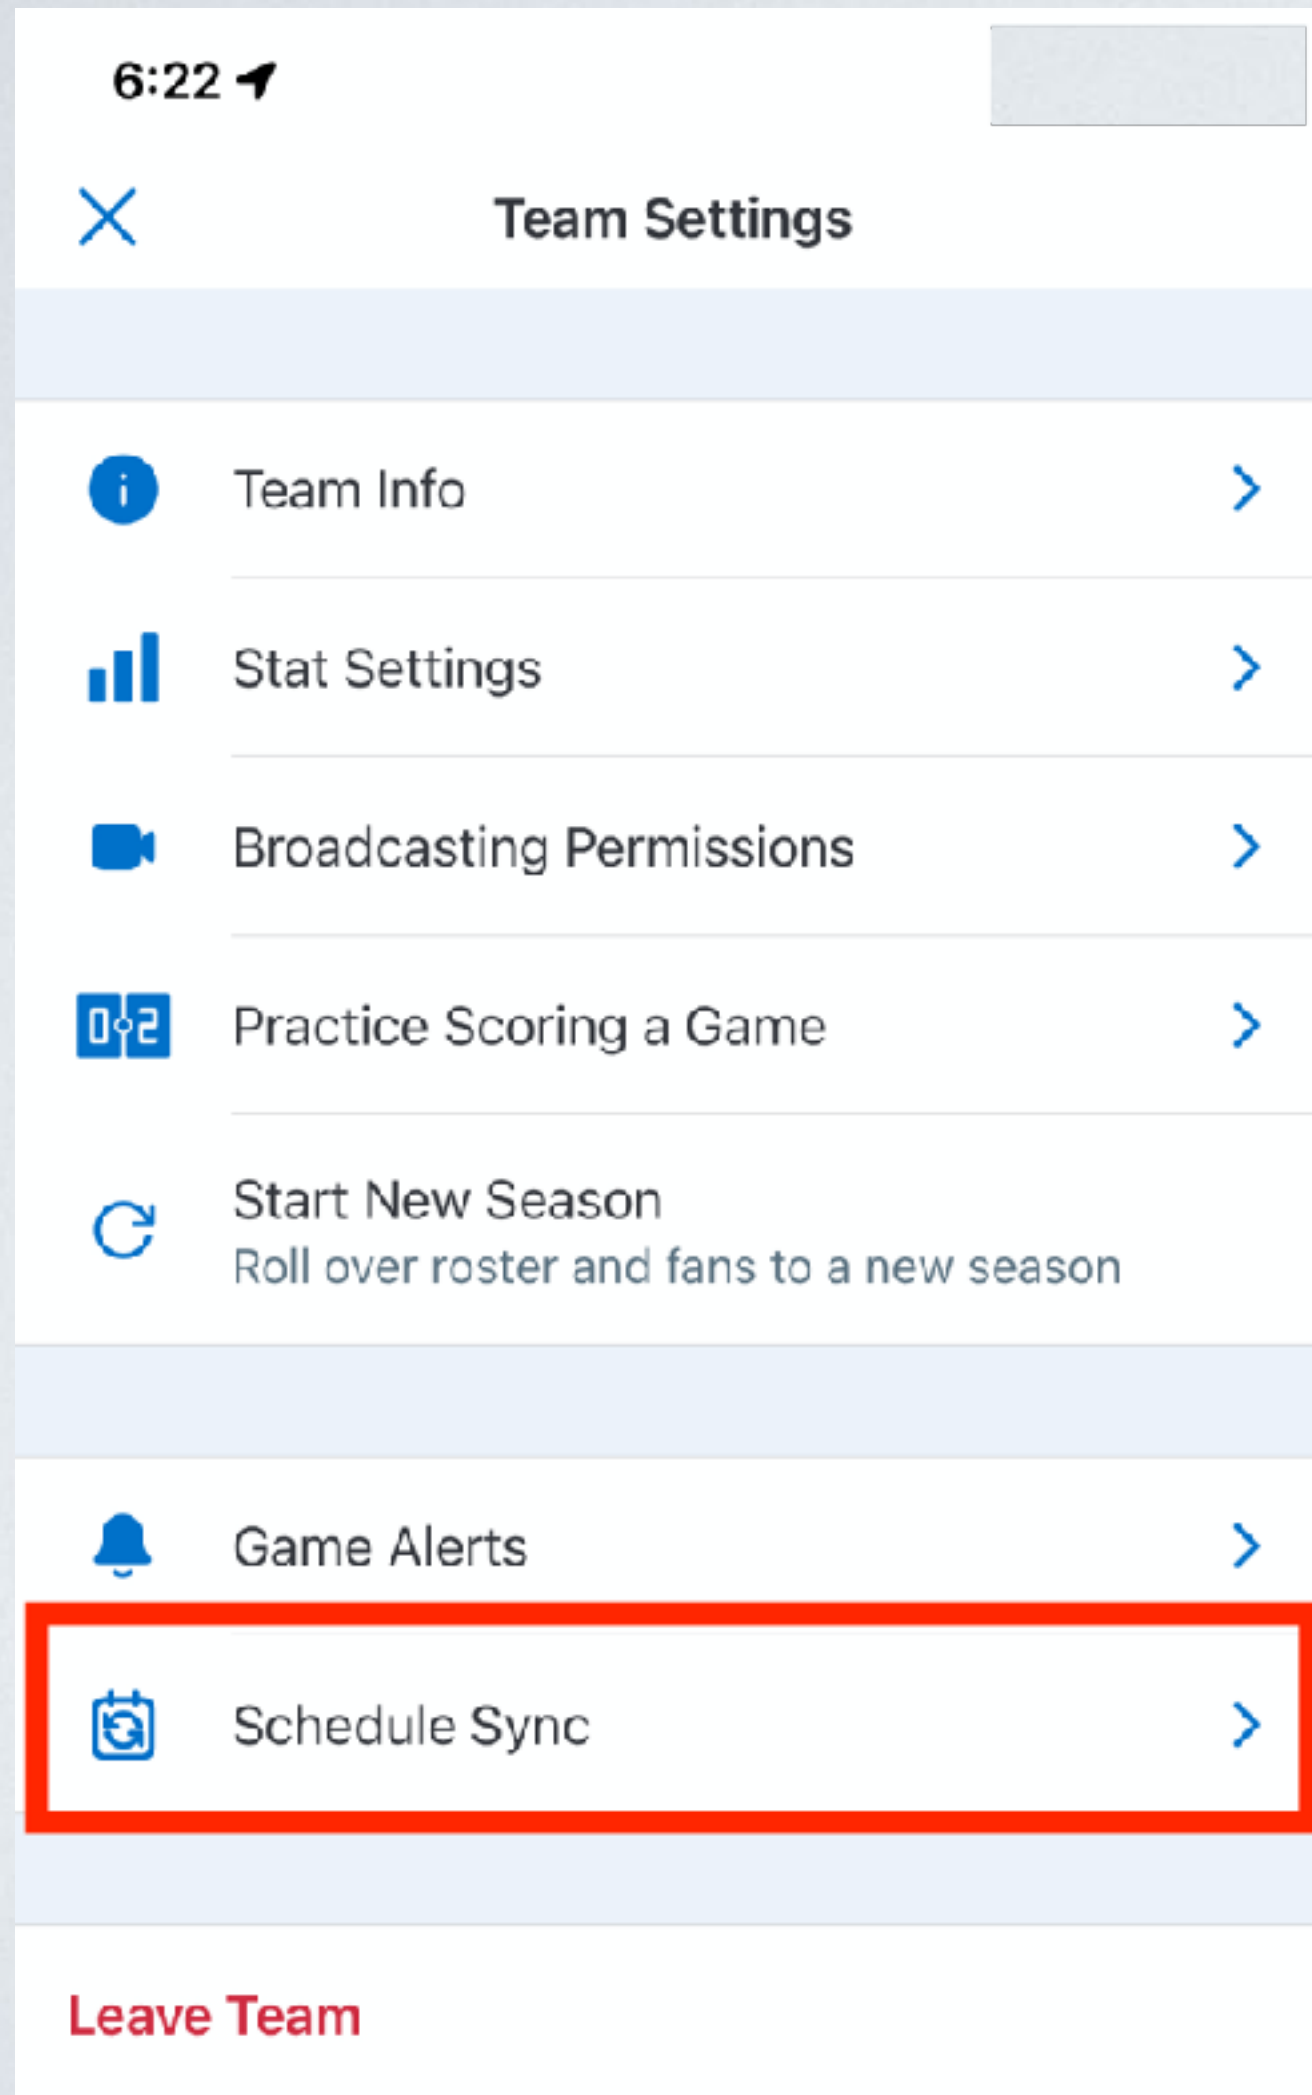

We didn't find any teams to import from your Sports Connect account.

# SOLUTIONS TO FINDING TEAMS

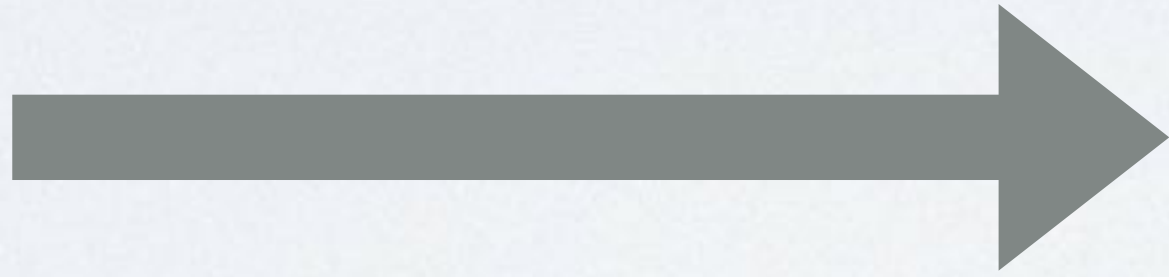

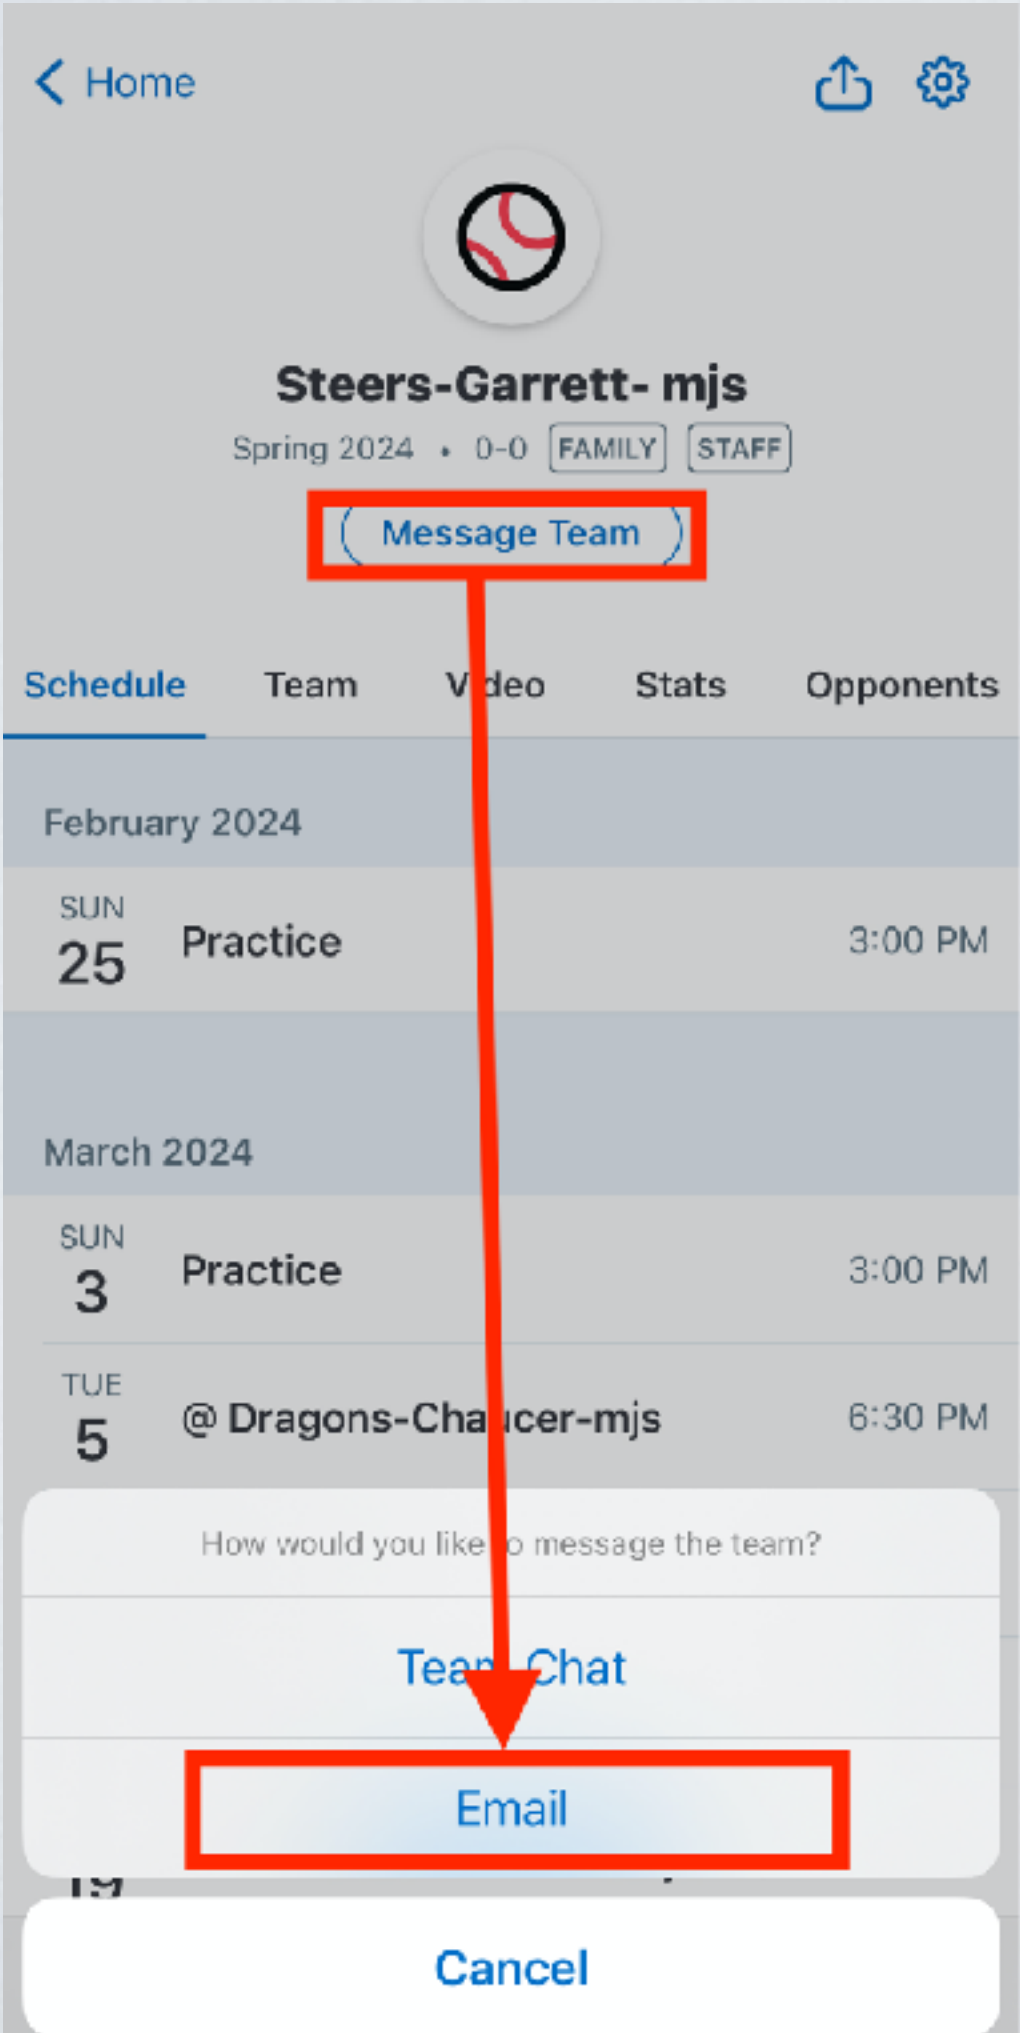

- If possible - contact another parent on the team to share access to the team via **EMAIL** OR **TEXT**.
- Contact the team manager or the league commissioner for additional help.
- Contact GameChanger. (Make this option a last resort).

# SYNCHING SCHEDULES TO PHONE

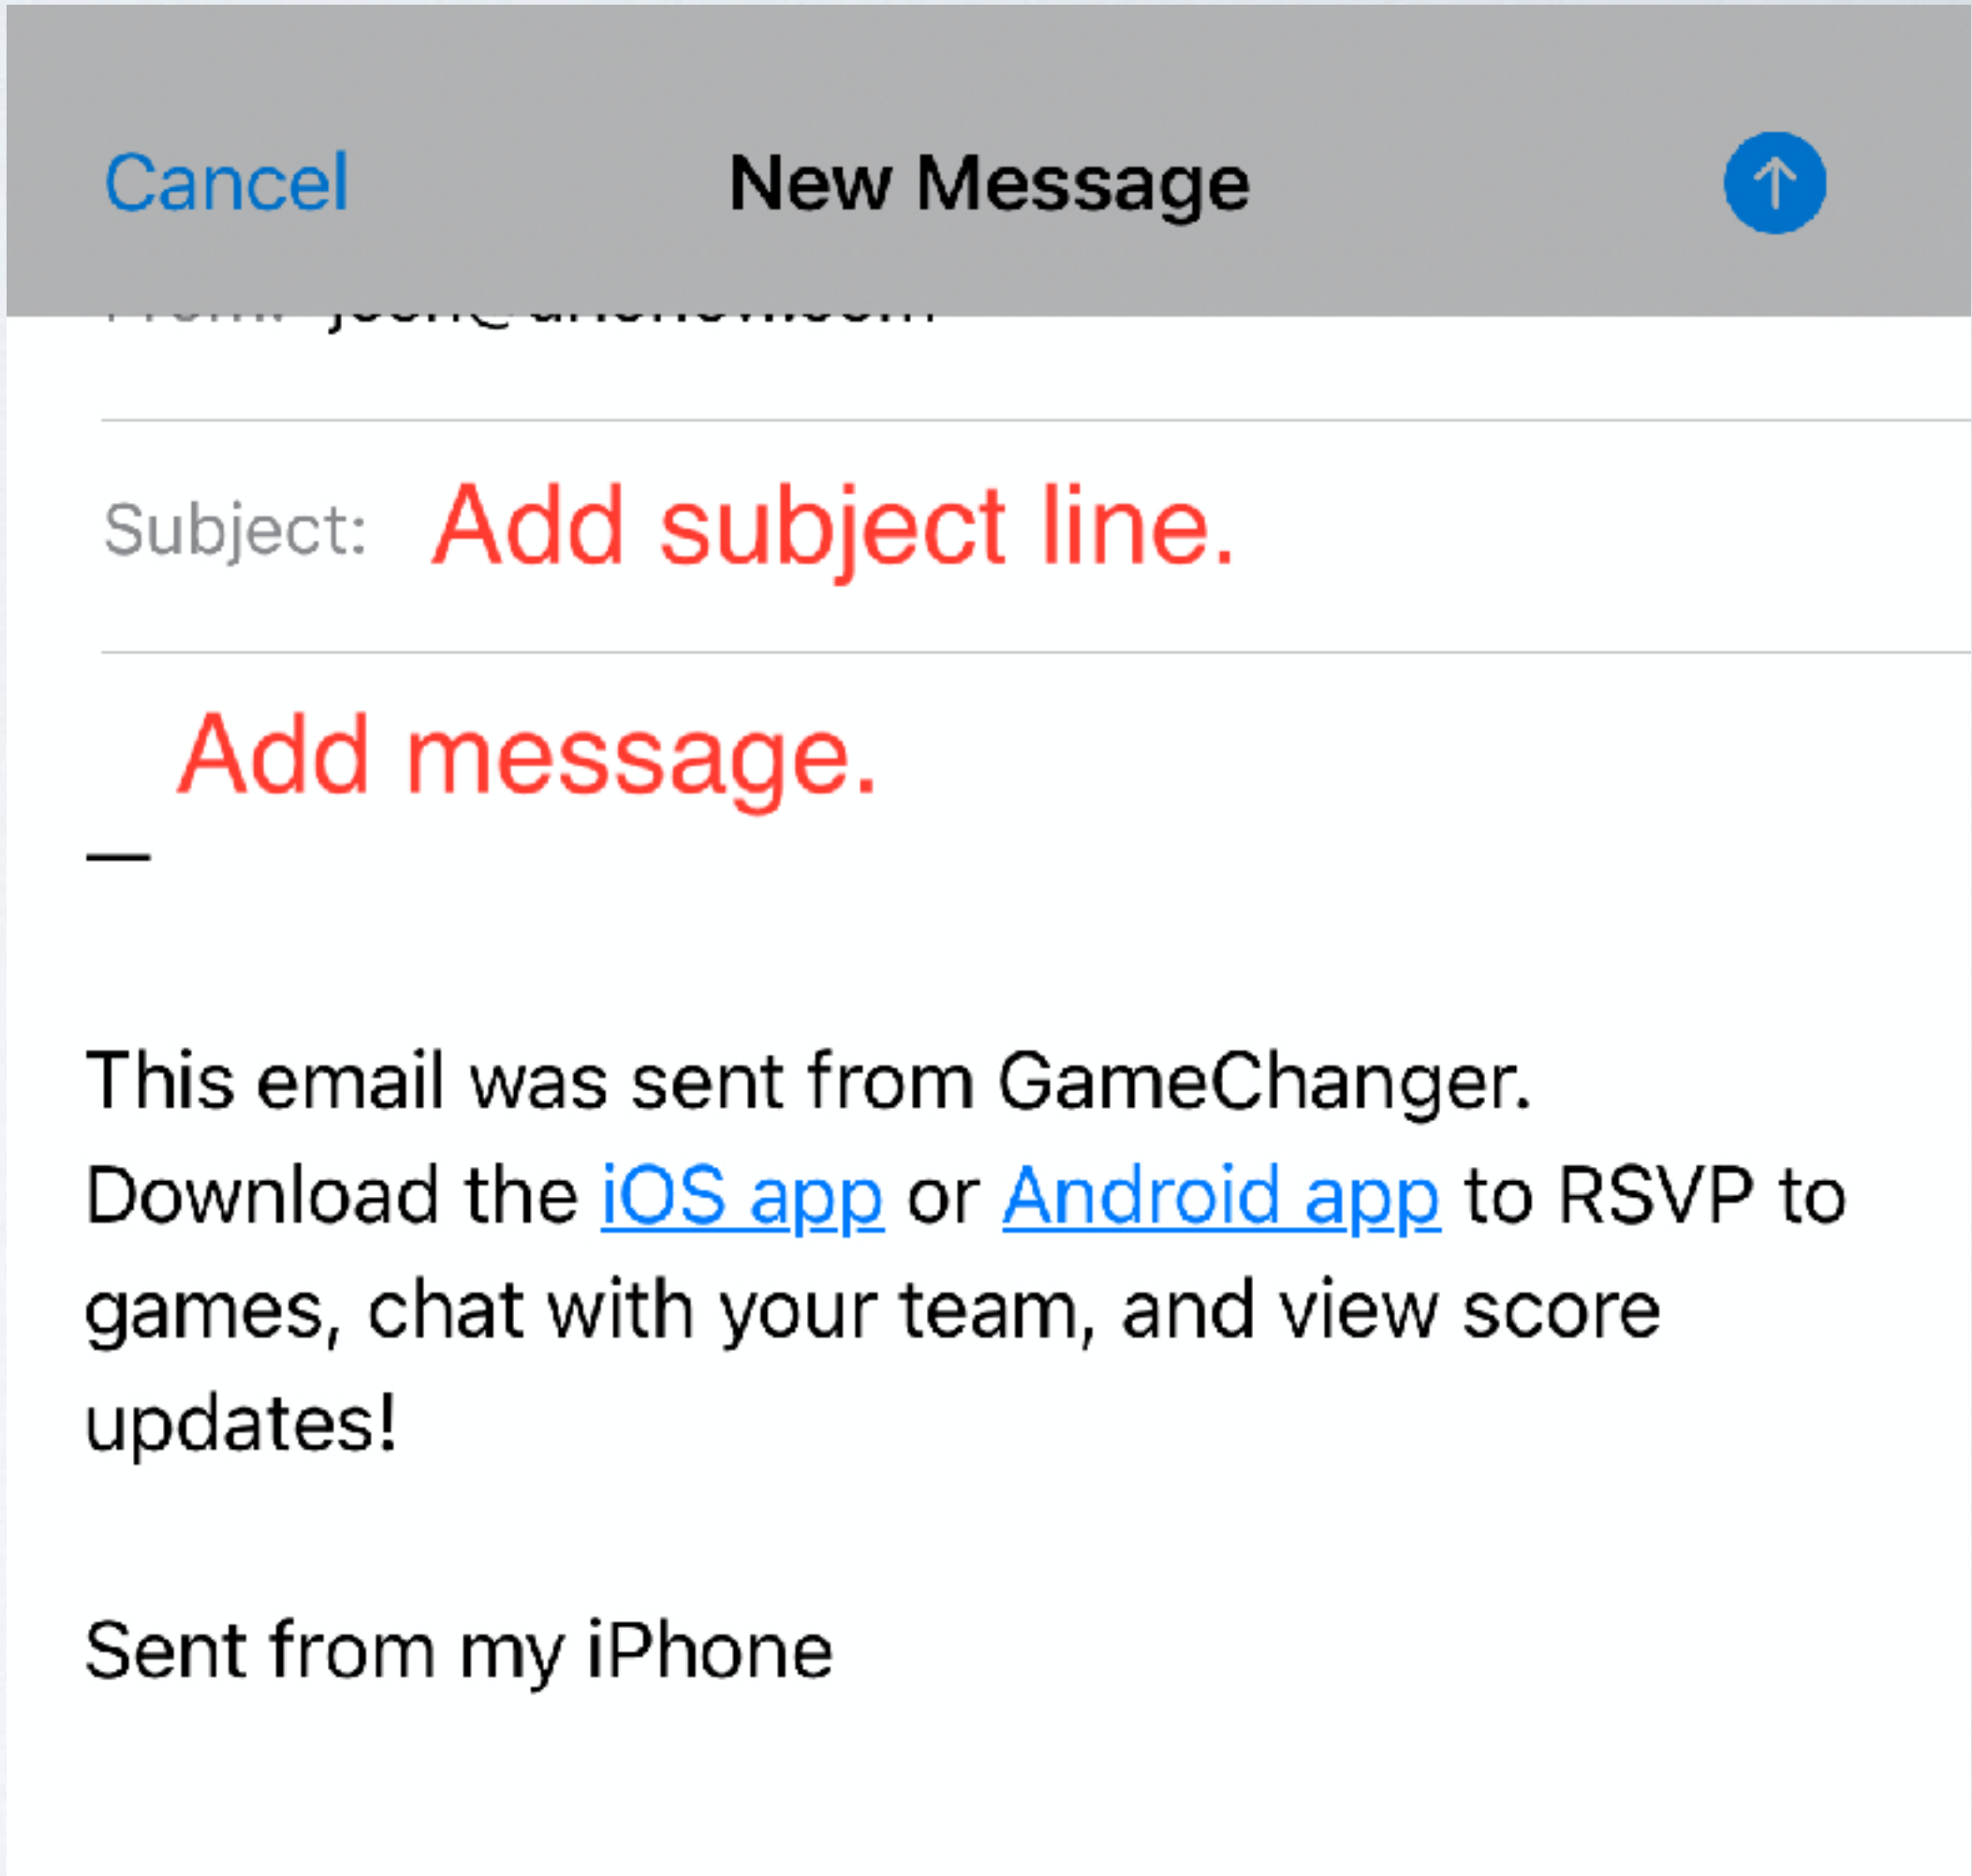

# EMAILING FROM THE APP

This will blind carbon copy (BCC) everyone and send from your personal email provider.

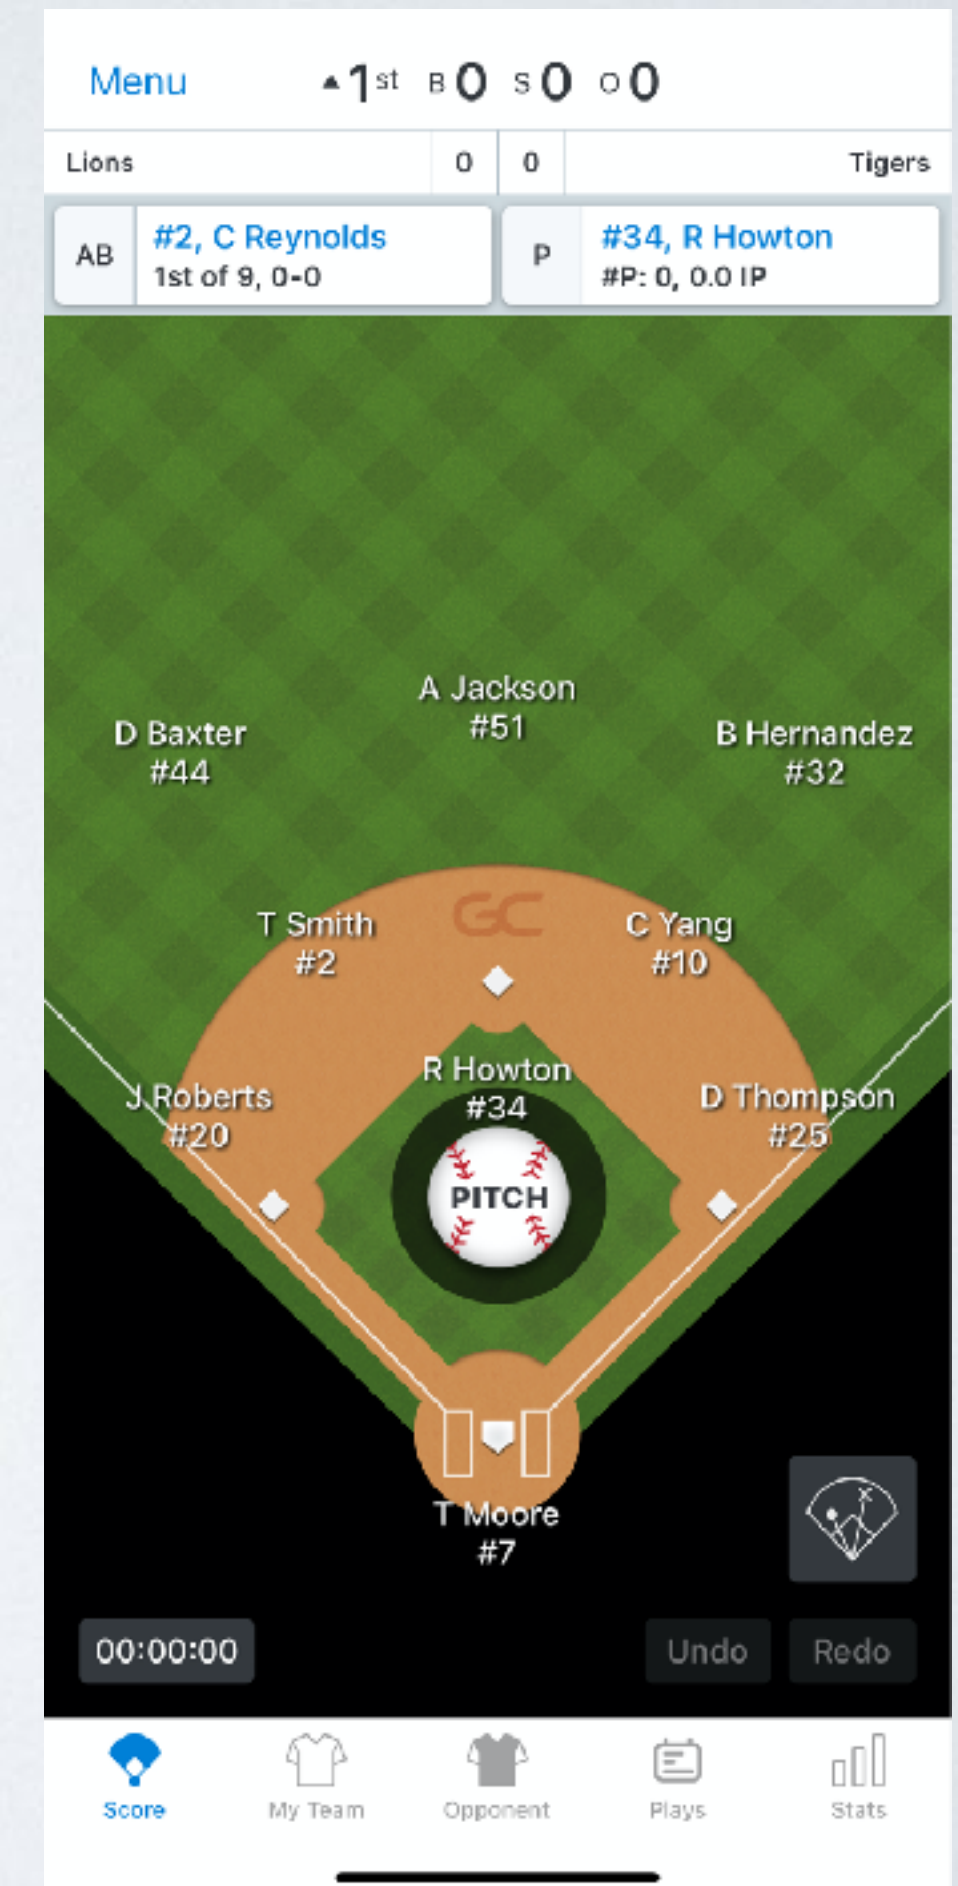

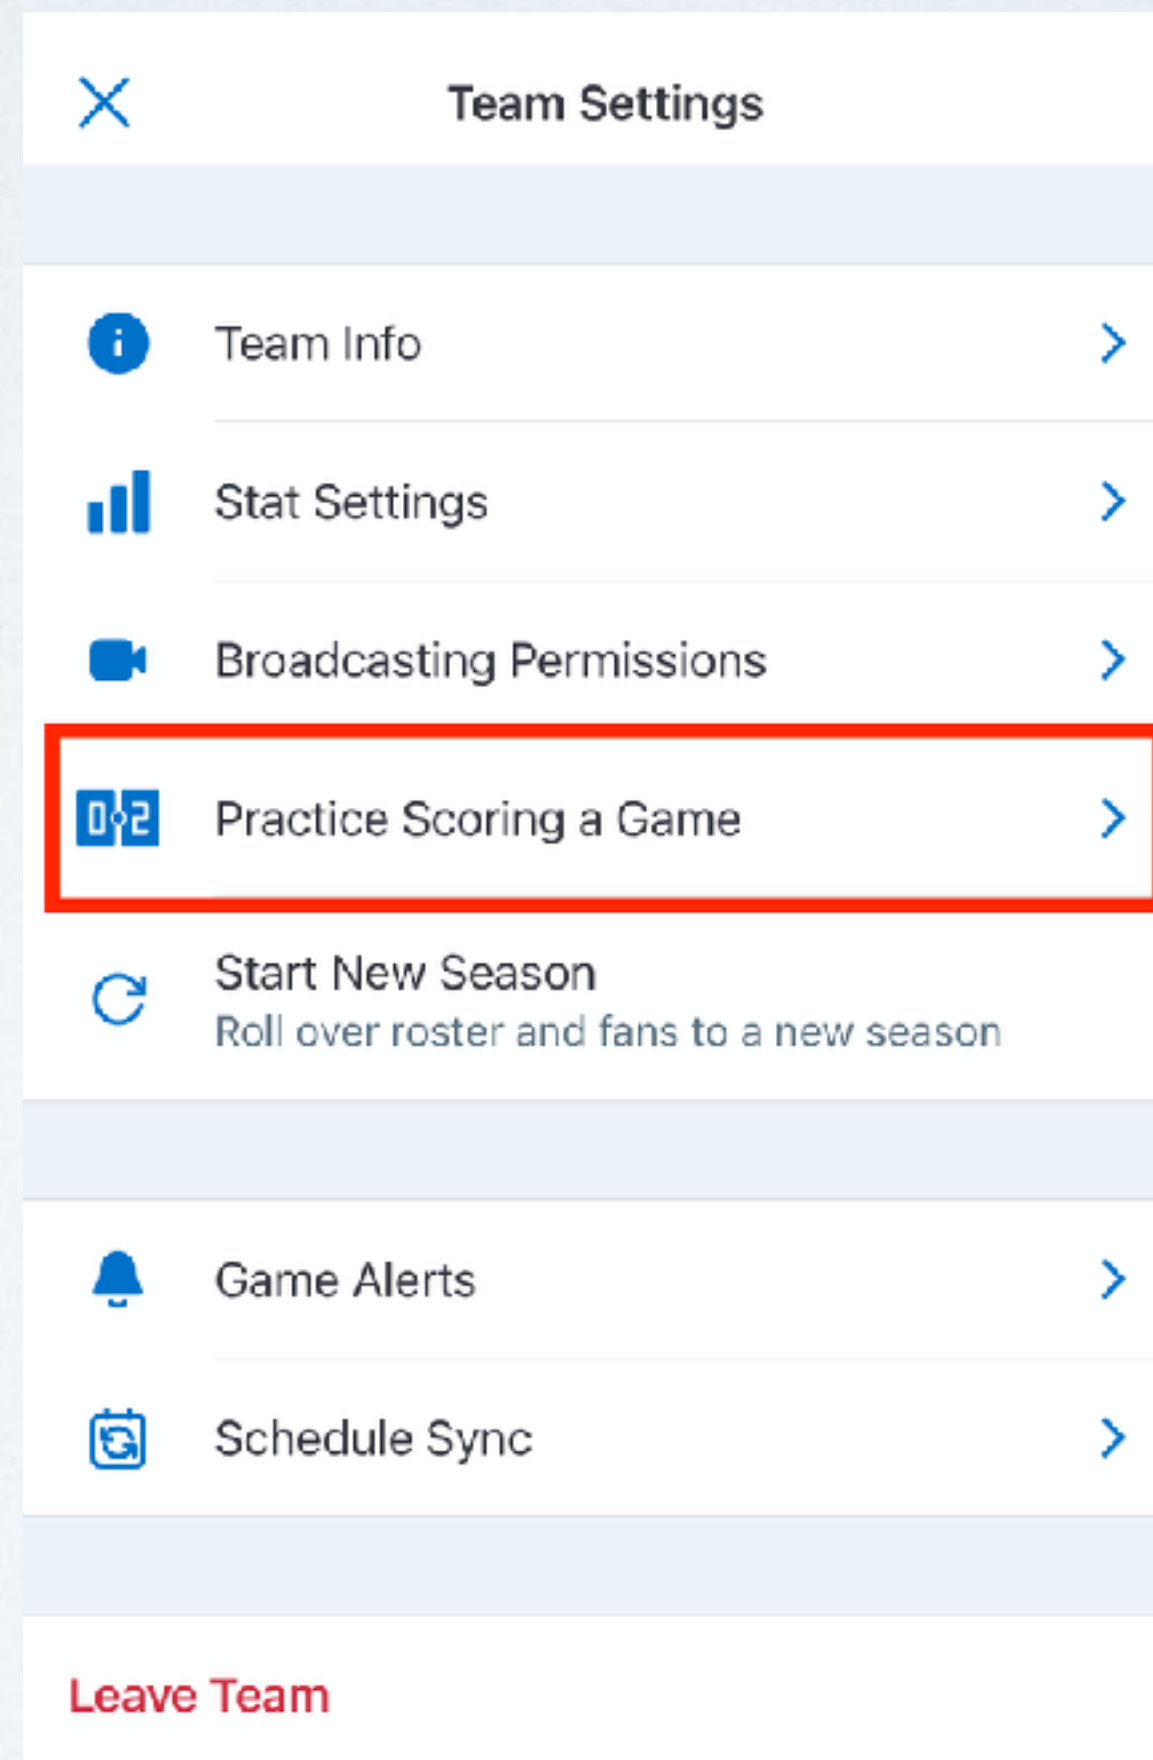

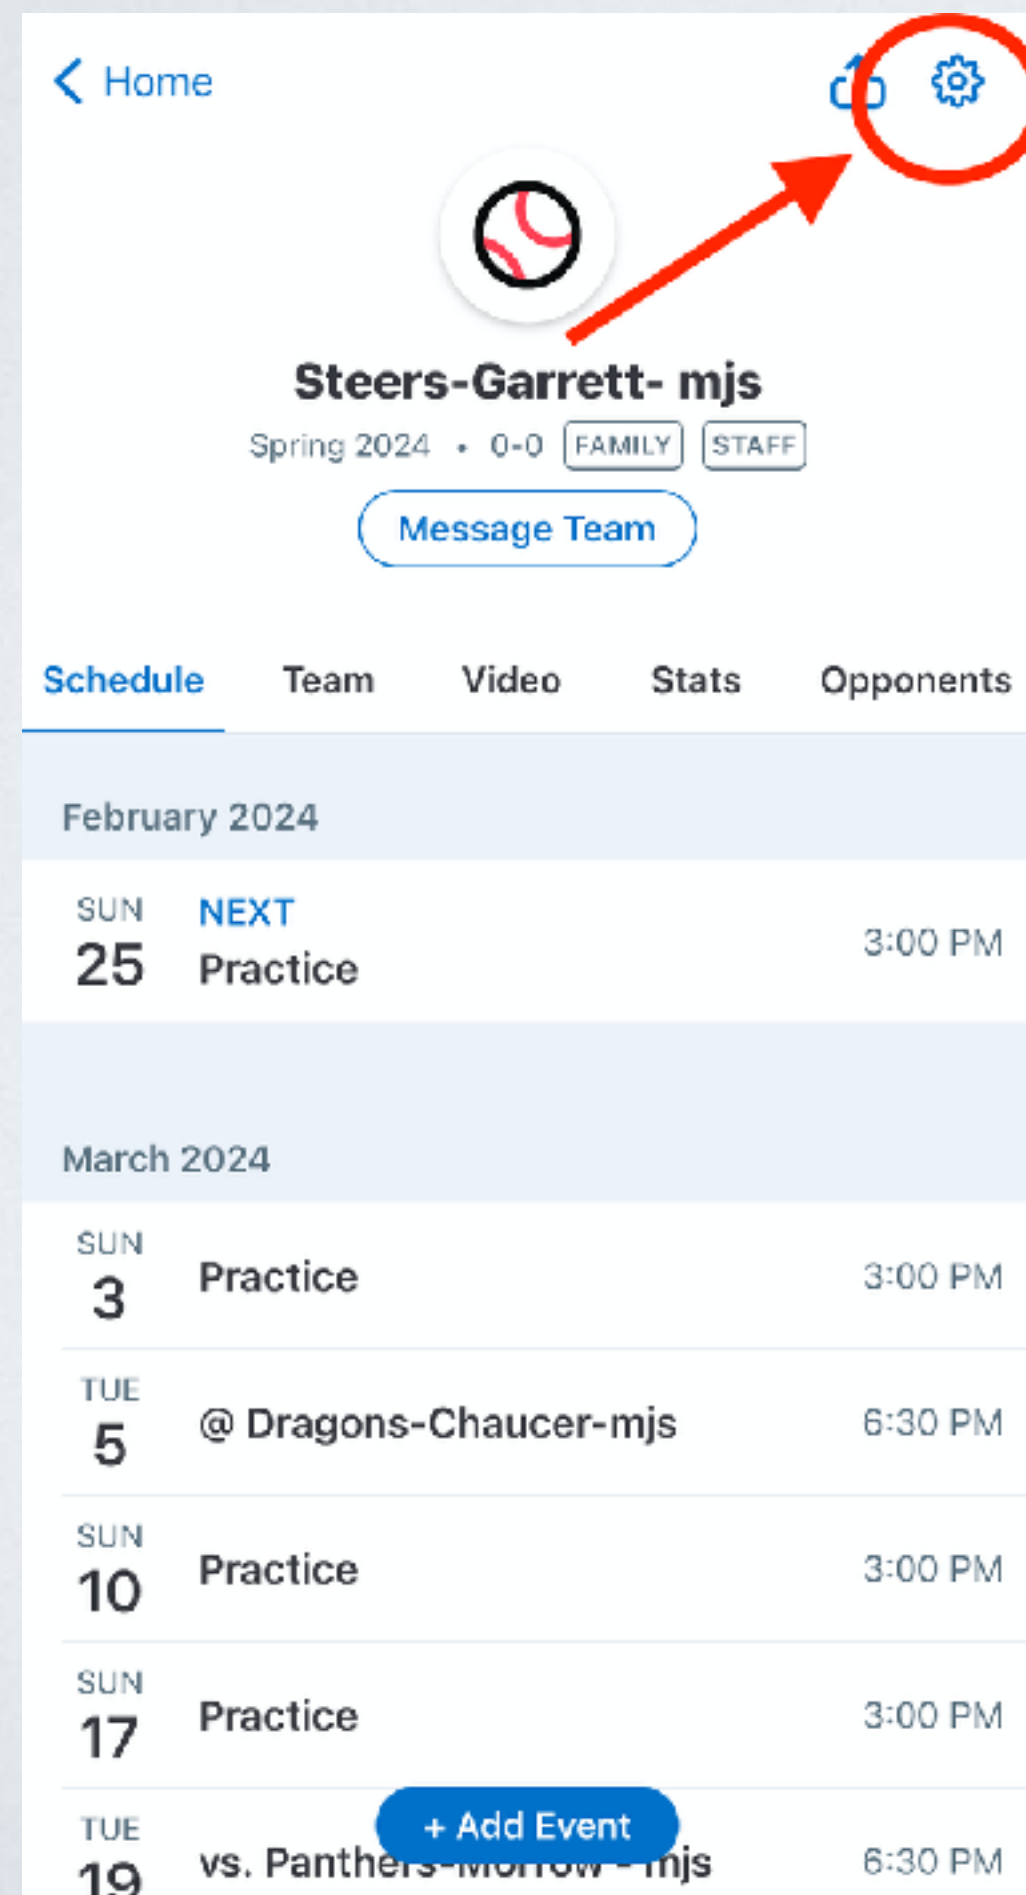

# SCOREKEEPING

- The parent must be listed as a STAFF MEMBER on the GC App.
  - If your team needs more than four (4) coaches, have the additional parents request to be assistant coaches. Sports Connect will then allow more than 4 on the app. #gamingthesystem
- The home team is the official scorekeeper of the game, but it is permissible for both teams to keep score at the same time.

# SCOREKEEPING RESOURCES

- Practice scoring in the app:

The image shows a screenshot of the GameChanger website's navigation menu. The menu is located in a dark green header bar. On the left, the GameChanger logo (a green 'GC' icon) and the text 'GAMECHANGER™' are visible. On the right, there are four menu items: 'Sports' with a downward arrow, 'Features' with a downward arrow, 'Resources' with a downward arrow, and 'GC'. The 'Resources' menu item is circled in red. A red arrow points from the 'Resources' menu item to the 'GameChanger University' link in the main content area below. The 'GameChanger University' link is also circled in red. Below the navigation menu, there are three main content cards. The first card, 'GameChanger University', features a green graduation cap icon and the text 'Learn more about scoring, streaming, and managing your teams'. The second card, 'Product Blog', features a green play button icon and the text 'Get the latest on product updates so you're always up to speed'. The third card, 'Press Box', features a green microphone icon and the text 'Stay up to date with company and partner news'. At the bottom of the page, there is a dark banner with the text 'STREAM YOUR GAME' in a stylized font, where 'STREAM' is green and 'YOUR GAME' is white.

# FILLING OPPONENTS LINEUP OPTION A

Manage Lineups & Substitutions | GameChanger University

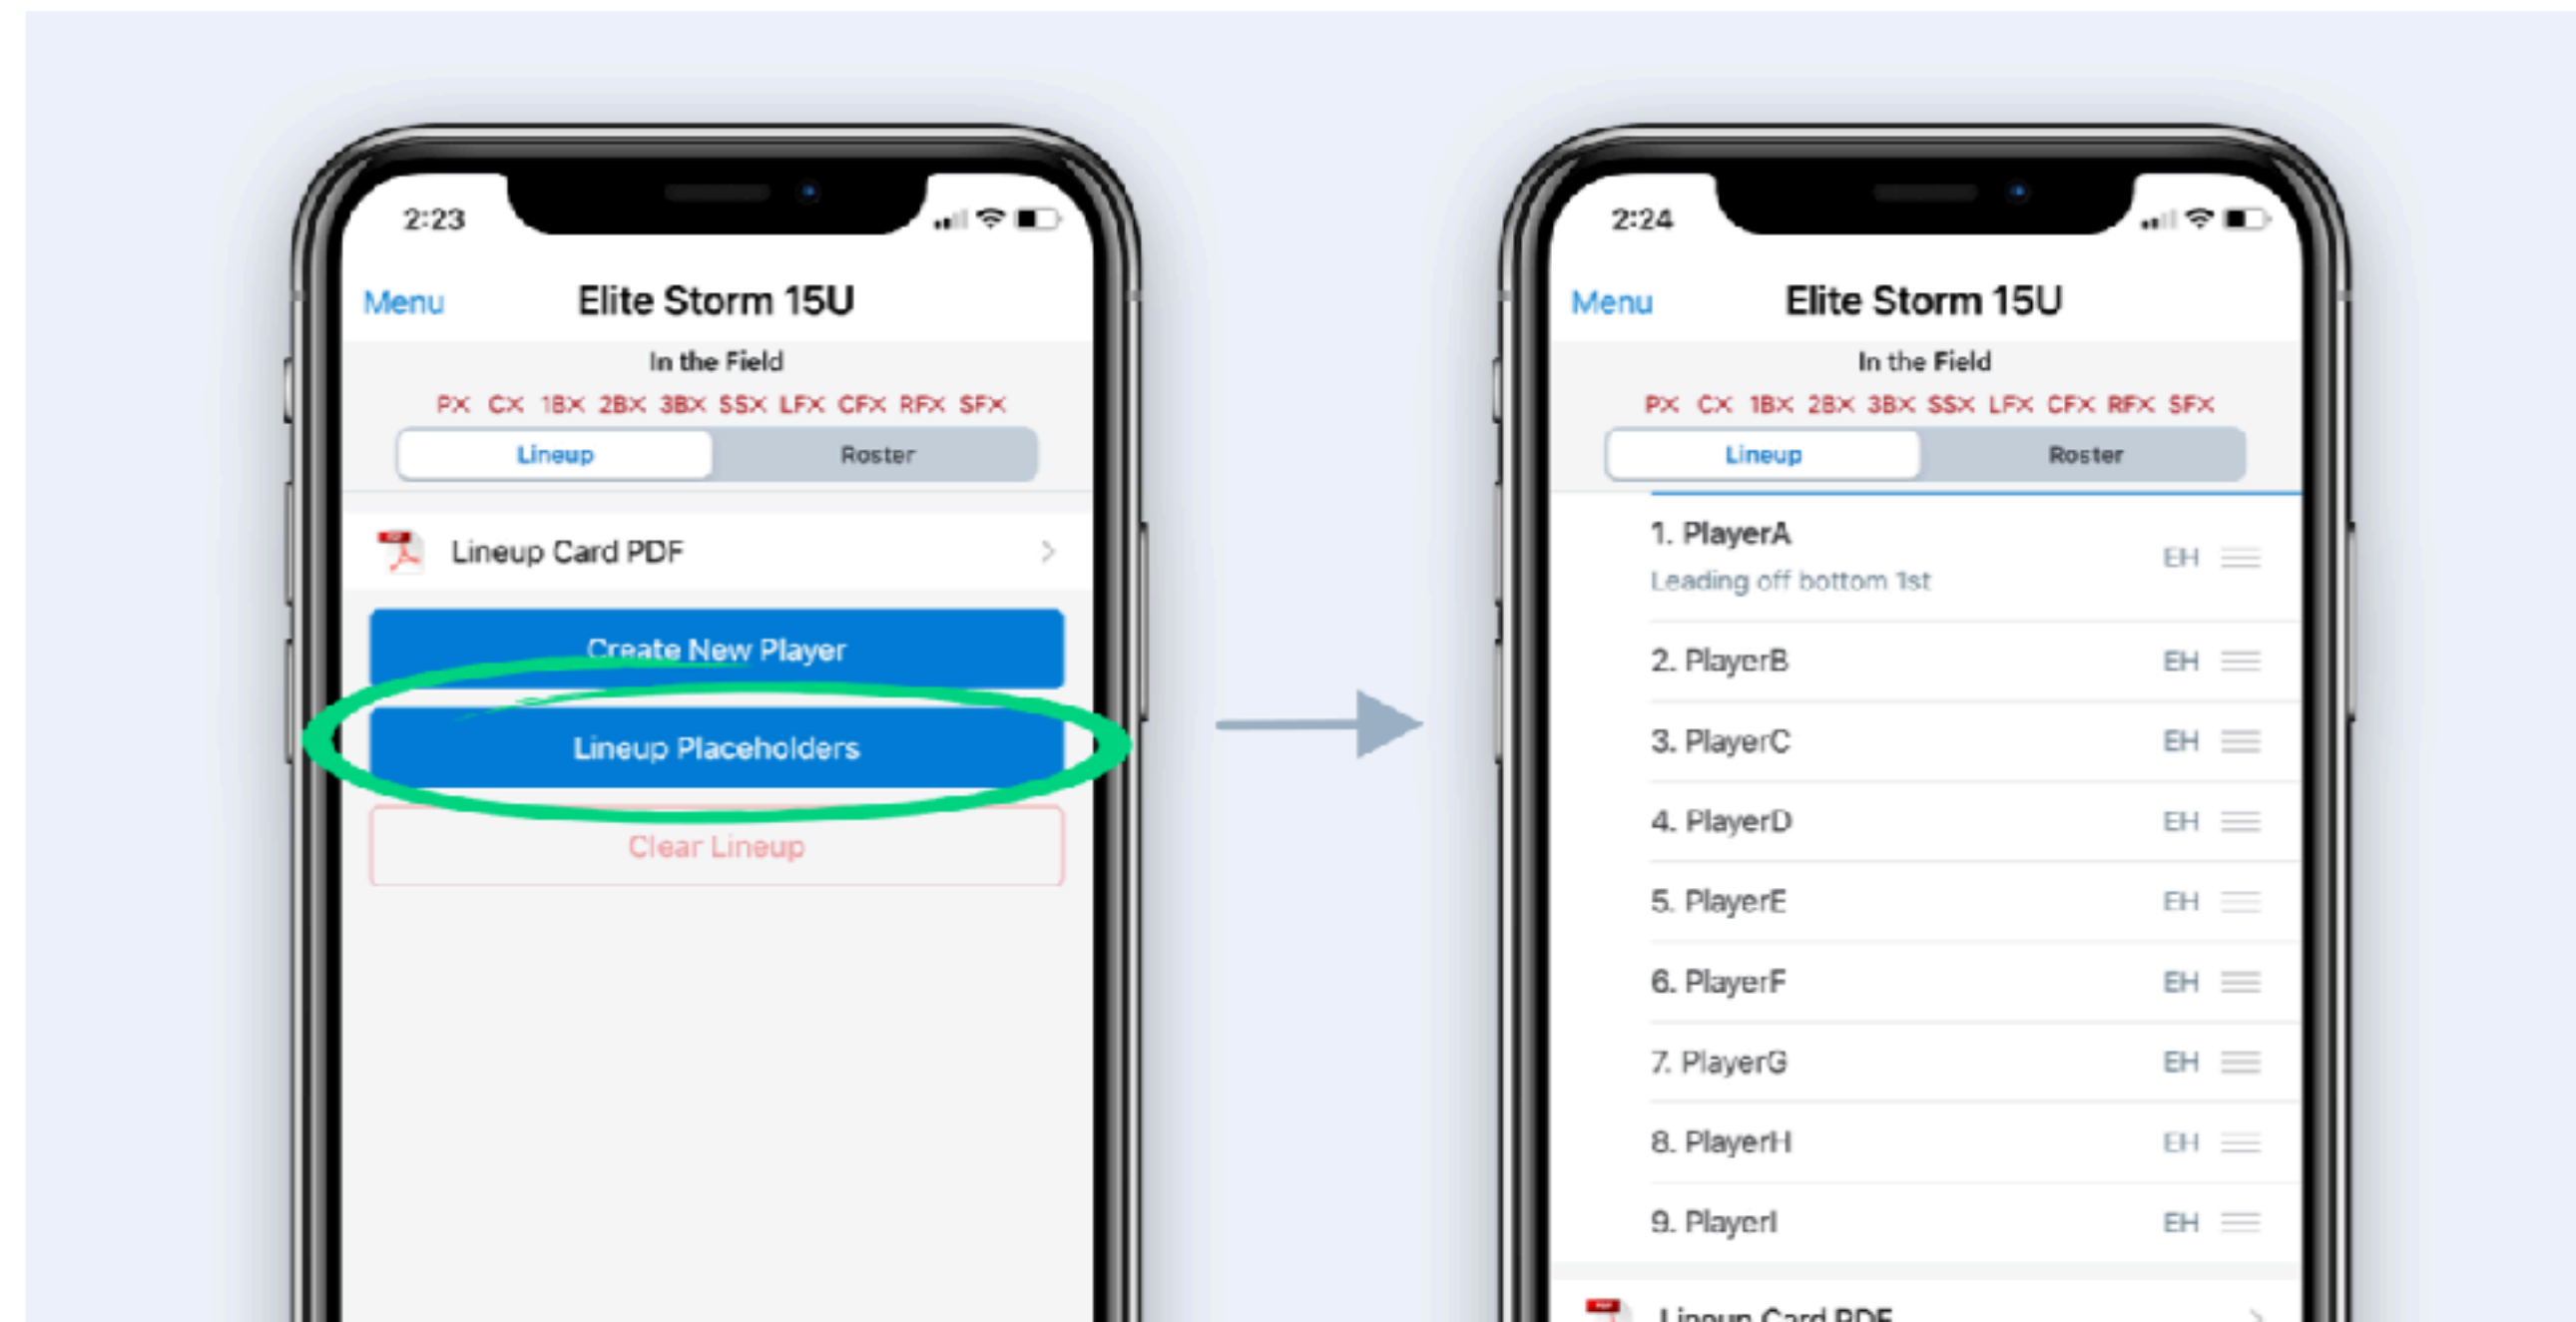

**To quickly fill your opponent's lineup, use "Lineup Placeholders"**

# FILLING OPPONENTS LINEUP OPTION A

Scorekeepers often receive an opposing team's Roster and Lineup only seconds before the first pitch. The GameChanger mobile app provides scorekeepers with a tool to quickly configure a generic lineup, which may then be edited as player information is gathered.

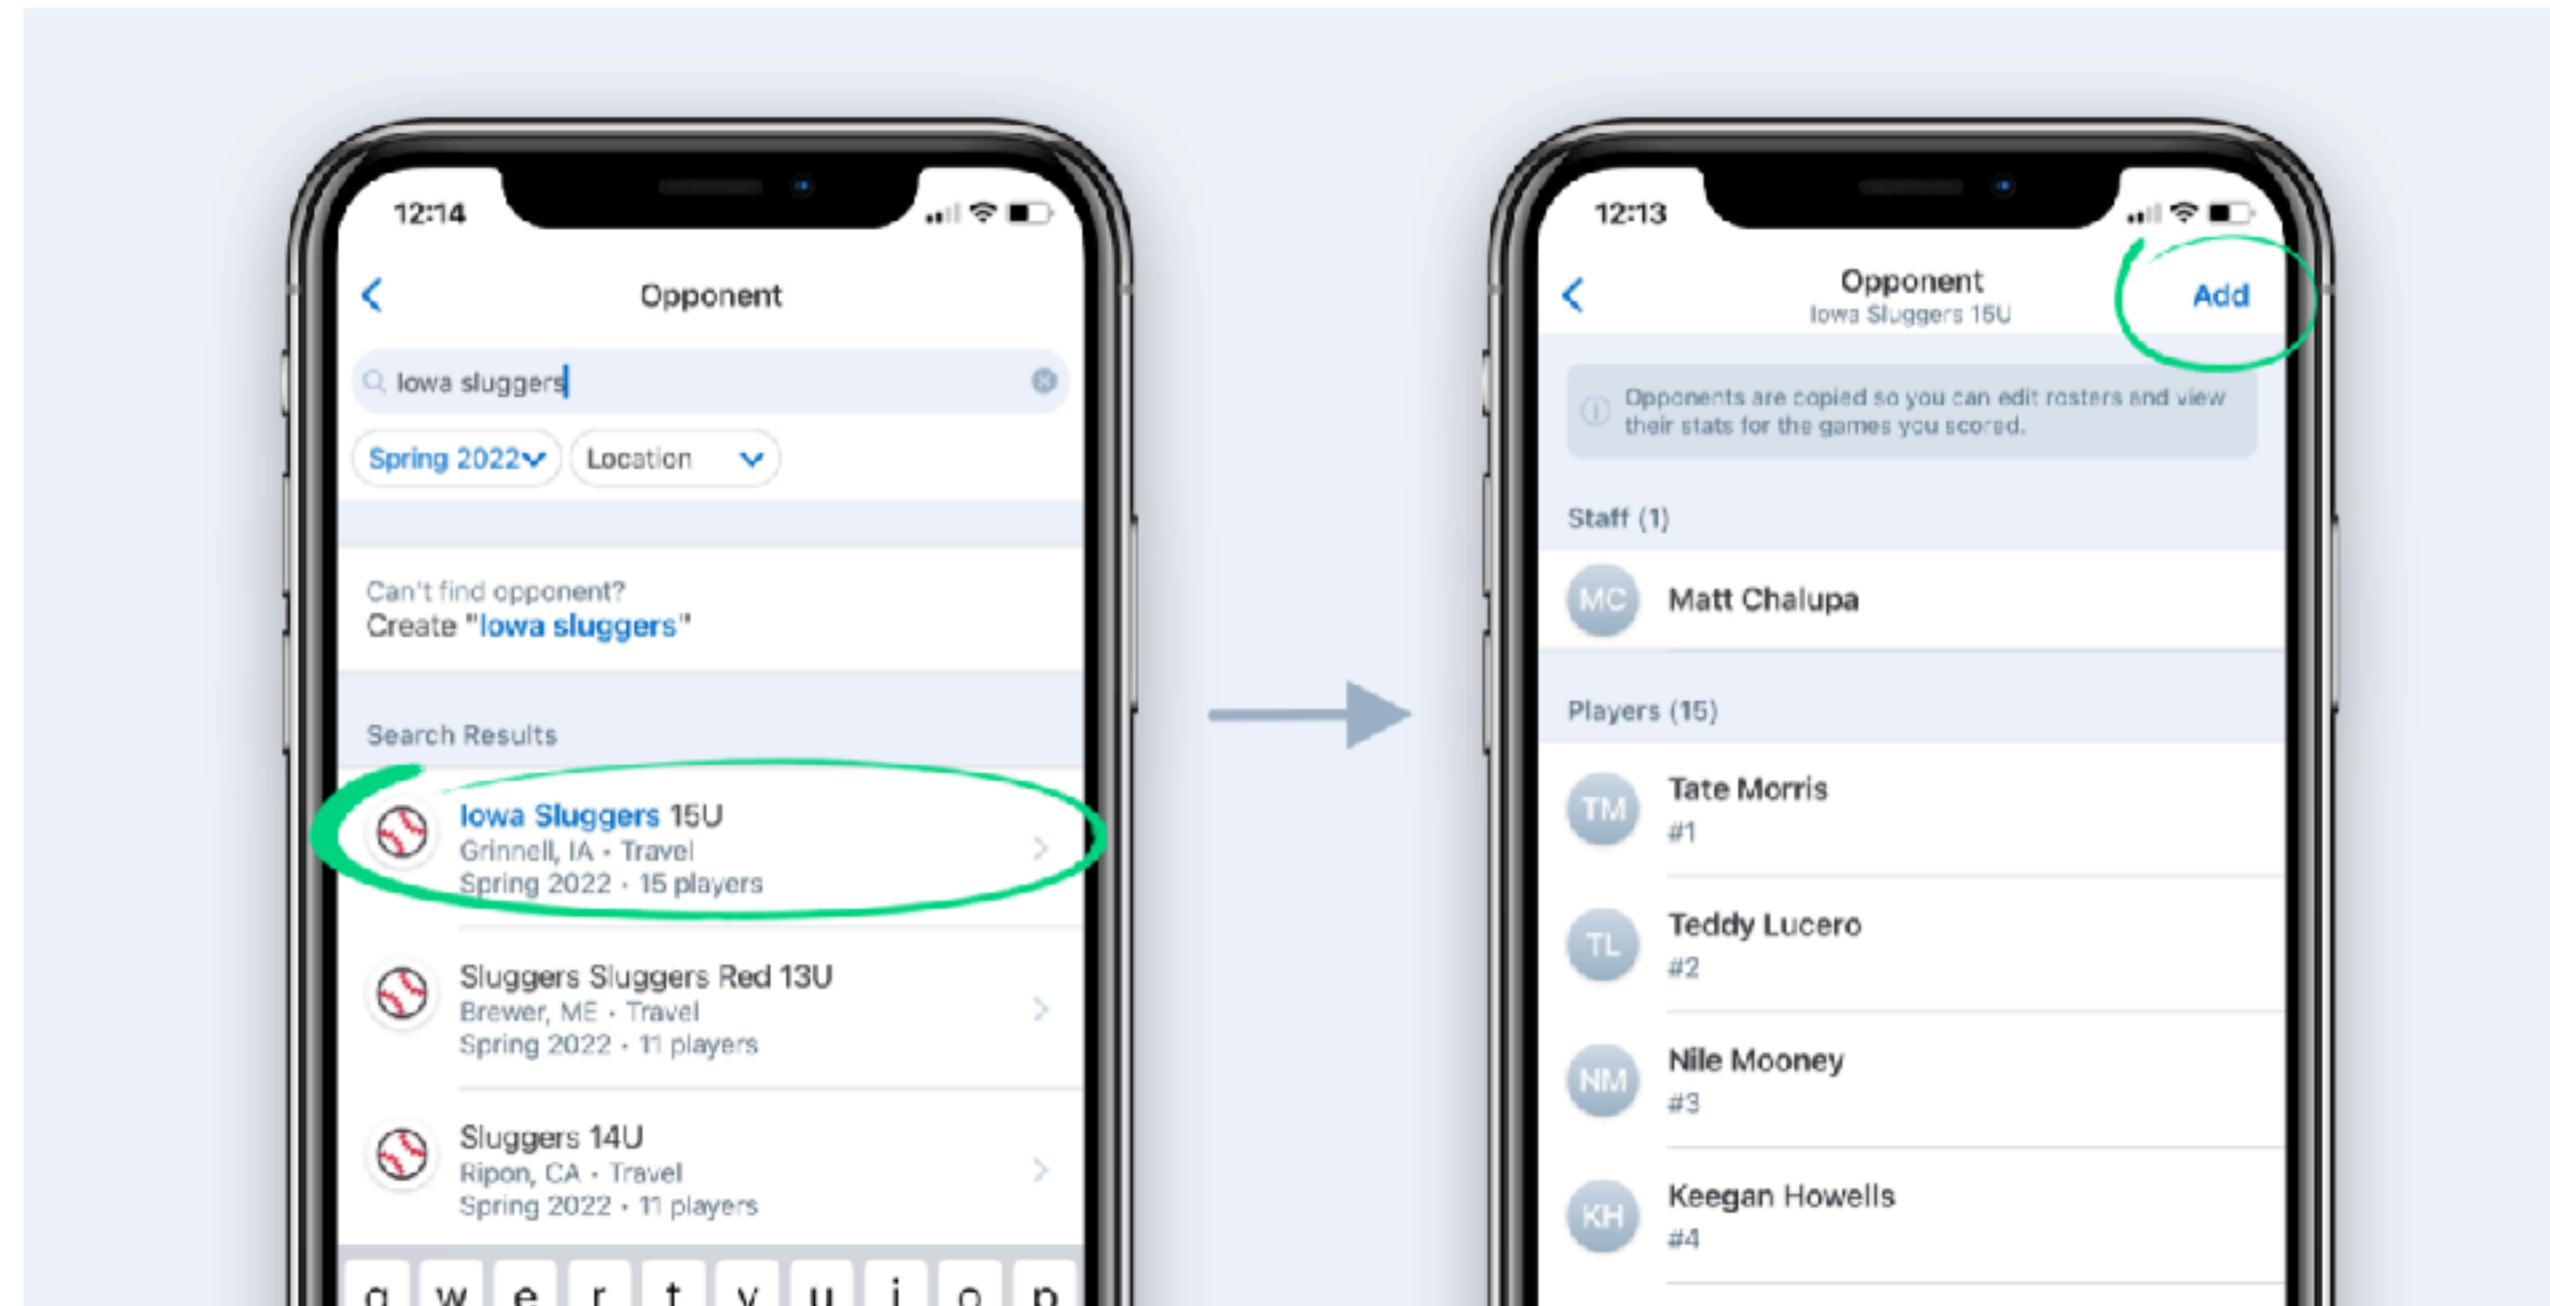

## How To Add a Quick Lineup

1. Start scoring your game.
2. Go to the **Opponent** tab in scorekeeping mode.
3. Tap the **Lineup Placeholders** option.
4. Identify the number of placeholders you would like to put into the lineup.

# FILLING OPPONENTS LINEUP OPTION B

## Opponent Roster Import in the App

1. Go to the **Events** tab or the team's individual **Schedule** tab.
2. Tap "+" to add a new game.
3. Click on the **Opponent** field.
4. Enter the name of your opponent.
5. Use the search filters to narrow your results if needed.
6. Choose your opponent from the list of search results.
7. Confirm you have the correct roster and then tap **Add**.
8. Finish the game setup and press **Save**.
